YOUR MILITARY HEALTH SYSTEM INTENDS TO BE A LEADER IN TRANSPARENCY. SHARING INFORMATION WITH OUR PATIENTS WILL HELP US PARTNER TOGETHER IN THEIR CARE.

*there was at least one event but too few to allow reporting without endangering patient privacy

Our goal is to eliminate preventable harm !

We are focused on improving patient safety. We analyze each event to develop ways to prevent harm. You may have encountered one of our strategies; for example to reduce the risk of "wrong-patient" events *we ask for patient FULL NAME and DATE OF BIRTH at all visits and before all procedures.*
